- 2: Before you take this product
- 3: How to take this product
- 4: Possible side-effects
- 5: How to store this product
- 6: Further information

1: What this product is and what it is used for

This product is a traditional herbal medicinal product containing Devil's Claw root extract. Each film-coated tablet contains 450mg of extract (as dry extract) from Devil's Claw root (Harpagophytum procumbens D.C and/or H.zeyheri L.Decne, radix) (equivalent to 1,575mg - 2,250mg of Devil's Claw root). Extraction Solvent: Ethanol 60% v/v.

Healthspan Devil's Claw JointAid is a traditional herbal medicinal product used for the relief of backache, rheumatic or muscular pain, and general aches and pains in the muscles and joints. This is based on traditional use only.

2: Before you take this product DO NOT TAKE this product if you:

- · are under 18 years of age
- · are pregnant or breastfeeding
- have a stomach ulcer or duodenal ulcer
- are allergic to Devil's Claw or any of the ingredients (see section 6)

Tell your doctor before taking this product if you:

 have gallstones and want to take this product

Consult your doctor or qualified healthcare practitioner if your:

• joint pain is accompanied by swelling of the joint, redness or fever

Driving or operating machines

This product may cause dizziness and drowsiness. If this happens to you, do not drive or use machines.

3: How to take this product For oral use only

Adults and the elderly

Take 1 tablet twice a day (in the morning and in the evening). The tablets should be swallowed whole with water or other liquid.

Do not exceed the stated dose. If symptoms worsen, if they do not improve after 4 weeks, or if side-effects not mentioned in this leaflet occur, a doctor, pharmacist or qualified healthcare practitioner should be consulted.

If you take too much of this product (overdose)

If you take more than the recommended dose, speak to a doctor, pharmacist or qualified healthcare practitioner and take this leaflet with you.

If you forget to take this product

Continue to take your usual dose at the usual time; it does not matter if you have missed a dose. Do not take a double dose to make up for a missed dose.

If you have any questions, or are unsure about anything, please ask your doctor, pharmacist or qualified healthcare practitioner.

4: Possible side-effects

Like all medicines, this product can have side-effects. These are listed below.

Side-effects

- digestive disorders; diarrhoea, feeling sick, being sick, abdominal pain
- central nervous system disorders; headache, dizziness
- allergic reactions; rash, raised itchy rash, swelling of the face

Stop taking this product immediately and consult your doctor if you experience an allergic reaction. If you experience any other unexpected effects not listed in this leaflet; consult your doctor or pharmacist.

Reporting of side effects

If you get any side-effects, talk to your doctor, pharmacist or qualified healthcare practitioner. This includes any possible side-effects not listed in this leaflet. You can also report side-effects directly via the Yellow Card Scheme at: www.mhra. gov.uk/yellowcard or search for MHRA Yellow Card in the Google Play or Apple App Store. By reporting side-effects you can help provide more information on the safety of this medicine.

5: How to store this product

Do not use your tablets after the expiry date, the expiry date refers to the last day of the month. Return any out-of-date tablets to your pharmacist who will dispose of them for you. The expiry date is printed on the box and the blister pack.

Store the tablets below 25°C, in the original packaging.

Keep out of the sight and reach of children. Keep your tablets in the packaging until it is time to take them.
